***HCM First Ltd and ITChamps Software Private Ltd., SAP HR focused SAP consulting firms announce their partnership for the delivery of SAP HCM Implementations and support services in the UK and Europe –***

UK based HCM First Ltd continues to grow with its strategic partnership model and announces a partnership with ITChamps Software Private Ltd, an SAP HCM focused consulting firm based in India.

ITChamps has currently more than 30 SAP HCM consultants with a broad technical and functional experience in the SAP environment and who are well connected within the SAP HCM environment. “ITChamps offers first-class SAP consulting services covering the whole implementation lifecycle. ITChamps sets high value on straightforward, goal-oriented and top-quality consulting services, to its customers. We will help our clients implementing HR Solutions in their highly complex and UK / EU-specific HR processes.

The partnership with ITChamps enables us to complement our service and product portfolio for our clients. Combining the capabilities and proven track records of both HCM First Ltd and ITChamps within SAP HCM will facilitate in creating a value added proposition for our clients.

“It is the strong value systems and highest level of commitments to our projects that binds us together besides the common areas of expertise.” adds Rajesh Kutnikar, CEO and founder of ITChamps.

Along with sales projects already being in process at HCM First customers, there also are some marketing projects on the agenda “and many ideas in the heads” says Sunil Kulkarni happily about the successful beginning of the partnership. HCM First and ITChamps – together is a strong team.
